

Spicewood Airport and Pilot Association

Bylaw Addition to SECTION 2.07

2.01 (7)

Class B members membership is subject to the approval of the SAPA Board of Directors

Class B members are subject to the rules of conduct of the SAPA, all FAA regulations, and must sign hold harmless agreements before operating automobiles or aircraft on the non-public common areas of the air-park.

Class B members may be removed from the SAPA and lose access privileges to the non public common areas for violations of the rules of conduct, failure to pay any fees or dues owed to SAPA, violating FAA regulations, careless or dangerous operations and actions, and activities counter to the health and well being of the owners and the air-park. This process will be administered by the SAPA Class A members of the Board of directors and require a 2/3 majority vote of these directors to remove a Class B member.

Members subject to removal will have until the next SAPA Board of Directors meeting to appeal their removal by presenting their case directly to the Board of Directors for consideration before the actual privileges will be withdrawn. Any appeal decision will require a 2/3 majority vote of these directors and the decision of the Board of Directors shall be final and not subject to any further review.

Patron/Social members membership is subject to the approval of the entire SAPA Board of Directors and requires at least one recommendation from a Class A member to be brought up to the membership committee and the full board. A 2/3 majority of the Board is required to approve social/Patron membership and new memberships will be reviewed once each quarter of the year if necessary. Patron/Social members must abide by the rules of conduct of the SAPA and any violations will cause immediate expulsion from membership.

The foregoing additions to the bylaws was approved by the Spicewood Airport and Pilot Association Board of Directors on this the 2nd Day of July, 2018.

Barry Stein, President:  _____

Dan J. Martin, Secretary:  _____
